CRETA MARIS

RESORT

Everything under the sun

Creta Maris is synonymous with five-star holidays on Crete. Family-owned and locally staffed, Creta Maris is a celebration of this vast and magnificent island's architecture, cuisine, culture and nature. An all-inclusive beach resort offering an unlimited variety of exceptional facilities, enriching activities, and extraordinary experiences for couples, families, single travelers, and multi-generational holidays, delivered with intuitive Cretan generosity and sincerity. All rooted in a regenerative travel philosophy, thoughtfully designed for travelers who value sustainability without compromising high-end quality.

Overview

A seaside landmark with a rich heritage and a big heart, Creta Maris has been the gold standard for five-star holidays on Crete for generations. Located just 25km from Heraklion airport, in the lively town of Hersonissos, Creta Maris is perfectly placed for sandy beaches, towering mountains, astounding antiquities, and a vibrant urban scene.

Reminiscent of a Cretan village, with cobbled lanes, flagstone squares, and lush gardens brimming with fragrant flowers and herbs, Creta Maris is a Greek island in miniature. With a blue flag beach, 15 swimming pools, a waterpark, and kids club, 7 outstanding restaurants, 5 snack points, 10 bars, and a brand new wine cellar, the largest open-air cinema in Europe, a spa, an organic farm, an exceptional variety of rooms, suites, and a villa, and a wealth of facilities, activities and entertainment, Creta Maris is more than an award-winning, five-star resort. It is a destination in itself.

A pioneer of responsible tourism since opening in 1975, Creta Maris championed sustainability long before it became fashionable. Apart from the resort's own organic and sustainable production, all suppliers get educated in the importance of sustainability and get the tools to improve their eco-credentials. A commitment to caring for the environment, investing in the local community, and preserving Greece's cultural heritage are deeply rooted in the Creta Maris ethos. Honoring the past while investing in the future.

Brand Story

When Nikos and Loula Metaxa dreamed up Creta Maris in 1975, it was a daring idea. There were almost no hotels on the Greek island of Crete, let alone a five-star resort. Nikos and Loula imagined a seaside village where travelers could experience the very best of this vast and varied island, from the comfort and privacy of a beautifully appointed resort.

A civil engineer with a passion for antiquity, Nikos had the grit and talent to build his dream. His wife Loula, a collector of traditional textiles and gifted gardener, invested every detail with warmth, soul, and local color.

Still a family business, Creta Maris has expanded and evolved over the years, while remaining true to its founders' vision: to offer heartfelt hospitality, consistently delivering the highest quality and variety of services, while respecting the local environment, community, and culture.

From pressing grapes with your bare feet to shearing sheep and cheese making with local farmers, guests are immersed in the true essence of Crete.

Built on the site of an ancient settlement, antiquity and culture are the foundation stones of Creta Maris. Minoan civilization, folk art, and contemporary Greek culture are on display at every turn — carefully restored ruins by the pool, traditional, hand-woven rugs in the lobby, and exhibitions from the Metaxas family's private collection of priceless artefacts at local museums. Past and present thread through the resort, a seamless chronicle of beauty and harmony.

Everyone is welcome, family is everything. This generosity of spirit is simply a given. Taking care of others comes as naturally to us as jumping into the sea on a summer's day.

Creta Maris makes memories, but people make places. Loyal staff and trusted partners are treated with the same care and respect as guests, nurturing relationships that last a lifetime, growing and evolving together.
