HISTORY ABOUT BLISS HOTEL MAHE

The hotel was originally built in 1968 and soon it became the most popular spot on the island. Unfortunately, it was abandoned for ten years in the 90's. In 2003 we discovered its magical ruins and were captivated by the charm of the place.

Inspired by the natural beauty of Seychelles, Bliss was thoughtfully created around two distinct experiences: Seaside, overlooking the island's vibrant blue ocean, and Hillside, nestled within lush tropical greenery.

Today, Bliss Hotel Mahé offers an authentic island escape where elegance, simplicity and nature come together in harmony, creating a timeless retreat and an authentic Creole experience in the heart of Seychelles.

Proudly standing through the years,
Bliss Hotel Mahé is the oldest hotel in Seychelles still in operation today.
