Hôtel Description Archipel
English Version

A charming hotel with a modernized Moorish architectural style, built in a lush garden by a fine sandy beach, guaranteeing a total change of scenery.

Once inside, you are enveloped by an atmosphere combining serenity and escape. The authenticity and modern charm of an "Archipelago" can be felt throughout the hotel.

All the rooms are uniquely decorated and personalized, designed to immerse you in a world of comfort and pleasure, with balconies overlooking the garden and the melodies of the sea and birds to sweeten your stay. Comfort, modernism and exoticism come perfectly together, inspired by Tunisia's rich history, giving rise to a charming new hotel with quality bedding and noble, timeless materials.

The hotel is located in Monastir, in the bay of Skanes, 10 minutes from the airport and 15 minutes from the city centers of Sousse and Monastir. Recently built on a plot of around 20,000 m², it comprises 120 rooms including 10 family suites — a boutique hotel on a human scale. The hotel consists of a central block with a reception, a lounge bar, and a main buffet-style restaurant (reserved for residents) with show-cooking and seasonal food stands (salad bar, pizza stand, burger stand, barbecue, etc., depending on the period), as well as a restaurant-lounge (extra charge). There is a central pool bar where it is possible to eat, a semi-Olympic swimming pool with a cocktail bar at its center, an adjacent children's pool, and a Hammam Spa. At the beach, a Beach Bar with kitchen sits on the edge of an azure-blue sea, where you can also enjoy the water sports available.

Additional information:

- Safes are available at an extra charge at reception.
- In-room minibars are available at an extra charge.
