# ACCOMMODATION

What's better than staying somewhere that was conceived with the sole purpose of giving you a good night's sleep and relaxation? Nothing, we think, is better than our beautifully-designed rooms and suites. Ingeniously designed to be meditative and escapist, they owe their fresh, breezy design to the crisp linens, the woven rugs, the white shutters, the stunning wallpaper, the standalone matte white bathtubs and tropical showers, and the sundeck, that space where you'll be spending all your downtime.

## 15 Sunset Junior Suites

Soak up the day's last golden rays from your terrace facing the lagoon. The white shutters, bed linens, and neutral color palette perfectly match the tropical greenery outside. There's the cleverly-designed dressing room. The modern bathroom with its large walk-in shower is always stocked with our own LUX* toiletries. And the technology to make you feel at home–though we encourage you to disconnect. Perfectly sized for couples and adventurous solo travellers.

## 15 Ocean Junior Suites

From your bubble bath, can you glimpse the great–tropical–outdoors. So much better than staring at a wall, right? These suites are made up of soft colour palettes that give it that lighter, brighter feel. The perfectly sized bathroom has a standalone matte white tub and a shower (always stocked for our own LUX* toiletries). The white shutters, crisp linens, pale wood furnishings are chic and serene. As for the terrace with its wooden deck? You'll be spending time there for sure!

## 10 Junior Suites

Perfect for a family as these rooms can be interconnected. Cleverly-designed with shutters that flood the room with natural light, our Junior Suites are decked with intimate terraces or balconies (and views!) as well as a dressing room, walk-in shower stocked with our own LUX* toiletries. And yes there's AC and a ceiling fan, plus all the technology we humans can't seem to live without. The soothing neutral tones make for a good night's sleep (not to mention chic!)

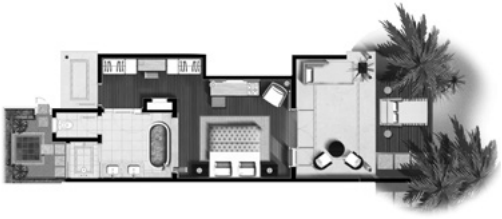

## 64 Superior Rooms

With their neutral color palette, crisp bed linens, white shutters, these rooms are as pretty as can be! And just wait until you see the tropical bar. We have done away with your average hotel minibar: instead it's a full blown, fully customisable one. So fix yourself a drink and settle into the sofa on your terrace or balcony to enjoy the balmy weather. And if you're more of the AC-WiFi-TV type, we have all that too.

## 45 Prestige Junior Suites

This suite is designed for those who want to experience the slow pace of island living. Think an outdoor tropical shower made of volcanic stone, a standalone matte white bathtub, a terrace where you can sunbathe or read a book that gives onto the lush gardens. As for the interior design, it's a soft color palette with crisp white linens, pale wood furnishings... Soul-soothing, you could say. And of course, the large sliding shutter doors let in that glorious Mauritius sunshine!

And he knows it better than anyone. Curious about tasting sea urchin? Vik is your guy. Stop by his place for a taste of rum arrangé, fresh-from-the-sea urchin with a squeeze of lemon, and why not a glass of bubbly.
